Petition to save Jackson Street School

Penicuik Community Development Trust, with the support of Penicuik & District Community Council and many others, have proposed **to buy** and refurbish **Jackson Street School** to create a **Museum and Papermaking Heritage Centre**, as well as **start-up business premises, studio workshops** a **community café** and other community facilities. The centre will bring in visitors to sustain shops and businesses needed by Penicuik people.

Midlothian Council wants to demolish it and sell a cleared site for housing.

I strongly urge Midlothian Council to support PCDT's proposal.
